

Actros Megaspace Cab

<i>External length:</i>	<i>2277 mm</i>
<i>External width:</i>	<i>2490 mm</i>
<i>Internal height:</i>	<i>1920 mm</i>
<i>Internal width:</i>	<i>2260 mm</i>

The Megaspace cab is well suited to national and international long-distance operations. It is equipped with a luxury suspension seat for the driver, a manually operated air conditioning system and a spring core mattress on the lower bed as standard. The optionally available upper bed features a comfortable slatted frame. Up to 200% more stowage space and compartments, a completely level cab floor and plenty of room for movement also ensure great comfort during rest breaks.
