Road Fund Licence

As of 1 March 2001, all new vehicle registrations are subject to a new type of Vehicle Excise Duty (Road Fund Licence). This varies in accordance with the vehicle fuel type and CO₂ emissions. The table below shows the bands (A–D) created by the DVLA and the corresponding Road Fund Licence as of 1 May 2003. These prices may reduce the On-The-Road Price on page 03 which reflects the highest band rate. Please refer to page 20–21 to identify the CO₂ emission level for the engine, transmission and tyre size of your choice and adjust the On-The-Road Price accordingly.

<i>Band</i>	<i>CO₂ Emission</i>	Petrol Engines (£)	Diesel Engines (£)
