Effective from 1 April 2012

Mercedes-Benz

# The Executive SE: an E-Class with added value

With the Executive SE models, there's now even more reason to choose an E-Class. They not only offer trademark E-Class qualities such as superb comfort, exceptional safety and first-class refinement, they also come with an even more generous standard specification – plus a price tag that's hard to beat.

## E-Class Executive SE

In addition to standard E-Class features such as Parktronic with Advanced Parking Guidance and heated front seats, the Executive SE comes with an attractive range of additional equipment. 17" 5-twin-spoke alloy wheels, a rear apron with visible twin tailpipes and LED daytime running lights are all fitted as standard, while, inside, there's full leather upholstery plus our Navigation 50 system. It combines flash memory-based map navigation and TMC (Traffic

Message Channel) with a CD/DVD drive, a tuner and a Media Interface that enables you to integrate external devices.

In common with all E-Class models, the Executive SE is also equipped with a host of intelligent Mercedes-Benz safety systems, including Attention Assist, which can spot signs of tiredness, Active Bonnet and our anticipatory Pre-Safe® occupant protection system.

Both the Saloon and Estate are powered by an efficient yet torquey common-rail diesel engine allied to a 6-speed manual transmission (7G-Tronic Plus 7-speed automatic transmission is available as an option).

LED daytime running lights standard on all models

17" alloy wheels (5-twin-spoke design)

Trapezoidal twin tailpipes

The interior is sumptuous and spacious

Leather upholstery in Natural Beige

Leather upholstery in Black

Central display unit with 5.8-inch screen

Multi-function steering wheel in nappa leather

The 4-spoke steering wheel shown is no longer available. It has been replaced with a new 3-spoke steering wheel from March production 2012

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO<sub>2</sub> emissions. A first year rate of Vehicle Excise Duty applies to new cars on their first year of registration. For the second and subsequent years a standard rate for each taxation band will apply.<sup>5</sup> The table below shows the bands (A–M) created by the DVLA, and the corresponding Road Fund Licence. CO<sub>2</sub> emissions are listed in the technical specifications opposite, and the relevant Excise Duty is reflected in the on-the-road prices on page 6.

Band	CO <sub>2</sub> emissions	First year rate (£)	Standard rate (£)
A	up to 100 g/km	0.00	0.00
